PROFILE

During my Bachelor in Marketing degree I developed a passion for Web design, since that course is extensive to all kinds of areas. I have knowledge of HTML, JavaScript, CSS, Vue and React. Combined with my communication and problem-solving skills.
In one of my previous as a UI/Ux Designer at L4D, I design, code, and implement websites for a variety of clients. I redesigned a website for a privacy software company. Through working collaboratively with marketing, design, and product teams, I have developed strong communication and teamwork skills. I can bring my technical skills and passion for collaboration.
